Problem with group.

We are willing to do some:

Phase II - sample & clean up of soil.

- Assessment of GW

No Cleanup.

clean up of soil is remedial.

Make case for
limited group for Phase I&II.

Have a night under 106 to get you to do PRP

we cannot spend \$.

Yellow Water & Ellis Rd. — • Two separate orders.
② Yellow Water

→ Group won't form if EPA does Phase I —

Take a action for consistency building.

If PRP's stabilize.

No Phase II — under any circumstances.

because a function.

- No Phase II — under any circumstances
- If we proceed w/ Phase I, group will not do Phase II
- Also think cost recovery unlikely for Phase II
 - you don't see as removal - see as remedial
- Precedent set in Yellow Water Rd & Ellis
 - Consider GW doing remediation.
